AN OPEN LETTER TO MY JURORS

Good jurors of Johnson County, you had no choice but to find me guilty based on the amended complaint, the evidence presented, and the instructions given to you by Honorable Judge Stephen Tatum.

The only way you could have been found me innocent was by jury nullification, an instruction prohibited in every courtroom in our great Nation. I do hope you hear about this website and that you will now examine the rest of the story as it is revealed.

It is my hope that upon seeing all the evidence you will be as outraged over what was just done to you as I am outraged by what was done to me and my family due to public policy in the State of Kansas to conceal evidence at trial in both state and federal courts and at Kansas revocation proceedings and propensity of Johnson County Prosecutor to retaliate under color of law against citizens who dare attempt to expose this public corruption by exercising rights provided by our Constitution.

Thank you for being an outstanding jury. I look forward to one day meeting each and every one of you.
