

August 10, 2005

Detective Joe Langer
City of Leawood Police Department
4800 Town Center Drive
Leawood, KS 66211

Dear Detective Langer:

I could not help but notice your presence at my August 2, 2005 sentencing hearing that was postponed due to a dispositional motion by Johnson County Assistant Attorney Sarah Welch for a 2½-year prison term. I also noticed your presence at my probable cause hearing on January 23, 2004 before Judge Anderson. I found this strange, as the overt acts of my blackmail conviction did not occur in Leawood.

Just so you don't feel left out, this is to notify you that I am an unrepentant Johnson County serial blackmailer and I am "blackmailing" you. This letter meets all the elements for the "crime" outlined in the amended complaint authored by Judge John Anderson, III for which I was convicted by a Johnson County jury on June 14, 2005.

While posting this letter is a constitutionally protected activity elsewhere in our Nation, it constitutes "blackmail" if mailed or hand-delivered in Johnson County Kansas.

Therefore, I have caused this letter to be delivered by a Johnson County courier service so that it meets all the elements of Johnson County blackmail. I am stipulating to these facts to make your investigation easy and new criminal charges against me academic by Johnson County District Attorney Paul Morrison.

This letter is a willful act by me to compel you to act against your will to provide truthful knowledge of a failed Leawood police sting operation involving my 9-year-old son in June 1991 at Brookwood Elementary School involving complaining witness Donna Braun (Kirk) and complaining witness William Copeland along with the procedures, if any, your office follows to document such surveillance activities. Apparently all record of this failed sting operation has mysteriously disappeared. Did your department consult with the Johnson County District Attorney's Office before conducting this failed sting operation?

On July 22, 2005 Ms. Welch alleged I am not amenable to probation based upon my past performance violating court orders prohibiting contact with Donna Braun (Kirk) and my sons. I do hope you will straighten Ms. Welch up on this errant assertion so I don't spend another 2 ½ years in prison.

Failure to provide truthful knowledge will result in public ridicule, contempt, or degradation by exposing your silence and cover-up on www.fairtrialsinamerica.org meeting all the elements of Johnson County blackmail.

Sincerely,

THE BUMBLE BEE
Conrad J. Braun
