Paul Morrison
Hand Delivered
Johnson County Courthouse
Olathe, KS 66051

Dear Mr. Morrison:

Just so you don't feel left out, here is your "blackmail" letter.

If you don't resign from office I am going to exponentially expose your corruption on www.fairtrialsinamerica.org

While this is a constitutionally protected activity elsewhere in the Nation, it constitutes "blackmail" if I mail this letter or hand deliver this letter in Johnson County Kansas.

This letter meets all the elements for the "crime" outlined in the amended complaint.

It is a willful act by me to compel you to act against your will and resign from public office by threatening you with public ridicule, contempt, or degradation if you refuse to quit public office.

Of course, I am not blackmailing you anymore than I blackmailed Mr. Kirk on March 17, 2003, on May 18, 2005, or the week of June 13th when I make the same offer again to Mr. Kirk in the Johnson County Courthouse before a jury of my peers should you choose to proceed to trial.

There can be no probable cause for the "crime" of exercising rights guaranteed by our Constitution.

Sincerely,

Conrad J. Braun
